

STATUTORY MINE SAFETY AUDIT FY 2024-25

Organization: ECL (Eastern Coalfields Limited)

Document Date: 2025-02-15

Target Mine: Rajmahal Opencast Sector B

Status: Official Statutory Filing

1. EXECUTIVE SUMMARY & STATUTORY OVERVIEW

This statutory safety audit evaluates highwall bench stability, slope movement radar telemetry, methane gas monitoring, and haul road proximity warning compliance across Rajmahal Opencast Mine during FY 2024-25.

2. KEY AUDIT FINDINGS & TELEMETRY OBSERVATIONS

- Highwall Slope Stability Radar (SSR-04) registered zero critical movement exceeding 1.0mm alarm threshold.
- Dual-sensor methane gas monitoring stations active across working faces with 99.8% continuous uptime.
- 100% of Heavy Earth Moving Machinery (HEMM) dumpers retrofitted with proximity radar warnings.
- DGMS Grade A statutory compliance rating awarded with zero high-risk violations noted.
