

OPENCAST PRODUCTION & EXCAVATION REVIEW 2025

Organization: NCL (Northern Coalfields Limited)

Document Date: 2025-02-20

Target Mine: Jayant Mega Opencast Mine

Status: Official Statutory Filing

1. EXECUTIVE SUMMARY & STATUTORY OVERVIEW

Annual operational evaluation covering raw coal extraction quotas, overburden stripping ratios, dragline uptime, and automated weighbridge rail dispatch loading at Jayant Mega Opencast Mine.

2. KEY AUDIT FINDINGS & TELEMETRY OBSERVATIONS

- Total raw coal output achieved 22.4 Million Tonnes, surpassing the annual target quota by 4.8%.
- Overburden stripping volume reached 4.82 M Cu.M with average stripping ratio stabilizing at 1:2.84.
- 42 Cu.M Dragline availability maintained above 91.2% with predictive vibration telemetry.
- Automated rail rake loading at siding dispatched an average of 58.4 rakes/day without demurrage.
